

Manatee Pocket Dredging Permitting Workshop

The Manatee Pocket Dredging Project's purpose is to restore a navigable waterway within the Manatee Pocket, while also preserving its rich history and unique environmental habitat.

- **The Manatee Pocket Project and the Florida Department of Environmental Protection invite you to a workshop to learn how to obtain permits for private dredging projects.**
- **Where: Indian River Community College**
 - **Chastain Campus**
2400 S.E. Salerno Road in Stuart
Wolf Technology Center, Johnson Auditorium
- **When: July 29, 2008**
6:30 pm to 8:30 pm
- **Who Should Attend:**
 - **Manatee Pocket waterfront property owners interested in “piggybacking” with the Manatee Pocket project and having their own docking facilities dredged.**
- **Please contact Jayne Bergstrom at (772) 781-3420 if you have any questions.**
